

# International Radar Symposium

**International Radar Symposium, 24 - 26 Mai 2023**

**Berlin, Germany**

## Special Session Proposal

---

Special Sessions concern new or emerging topics which are complementary to the regular conference topics (listed in the Call for Papers) with the aim of broadening the scope or advancing understanding. The organizers are kindly asked to list topic proposals with 5 or more preliminary presentation together with the names of prospective authors.

The session proposals should be returned **until 14 October 2022 at latest** to the Technical Program Committee (Email [dgon.bonn@t-online.de](mailto:dgon.bonn@t-online.de)). Please note that all authors are expected to submit a draft paper according to the conference requirements before the deadline for submission and that this paper is subject to review by the TPC, so acceptance cannot be guaranteed.
